

PRESIDENT PUTS BAN ON PEACE RESOLUTION

ORDER NEW NAVAL BASE SITE PROBE

Congress Will Make Another Investigation of Hunter's Point, Alameda, Carquinez Straits for Use of Navy

Three Senators, Three Representatives, Three Admirals on Committee Ordered to Report by December 31, '20

Congress will order another investigation of naval base sites on San Francisco Bay.

Information received by the Oakland Chamber of Commerce today in a telegram from Joseph E. Caine, managing director, is that such a course had been agreed upon by the conferees of the House and Senate and that the committee will be composed of three senators, three representatives and three admirals.

They are required to report by December 31, next. The investigation will be confined to the Alameda, Hunters Point and Carquinez Straits sites and is made possible by an appropriation of \$100,000.

According to the telegrams, the appointment of a commission of congressmen and admirals is a compromise and is to be regarded as a victory for the supporters of a San Francisco Bay base in view of strong opposition which developed in the conference committee.

PRESSURE BROUGHT FOR QUICK ACTION.

The first plan of the opponents of immediate action on a naval base was the appointment of a congressional commission, which should employ civilian experts and should not report until December 1, 1921.

As this delay would have meant that no real start could have been made on the naval base before the congressional session at St. Louis, pressure was immediately brought to bear on the conferees to hasten the date of reporting.

Commissioner John T. Nolan of San Francisco and Senator's testifies that the bill of Illinois introduced by the senator suggested the arrangement of a commission of senators, congressmen and admirals. This was laid before the conferees at the last point, and was immediately agreed to. Formal ratification of the McCormick plan was scheduled for noon today.

TELEGRAMS OF PROTECTION.

Officials of the Oakland Chamber of Commerce were informed yesterday of the sudden about-face on the part of the conferees. The chamber immediately telegraphed to the president, Mr. C. E. Hewes, city manager of Alameda, Cal., chairman of the naval base committee; J. R. Knowland, a director of the Chamber of Commerce; H. C. Capwell, chairman of the Harbor Development committee; A. S. Lavenex and others.

This conference decided that in view of the situation, it would be best to concentrate the fight in obtaining a report from the conferees. The telegrams to the president, pointing out that the unprotected condition of the Pacific coast demanded the most prompt action, and the telegrams conveying the information regarding the adoption of the McCormick plan followed.

COMMITTEE WILL BE APPOINTED.

The personnel of the investigating commission is expected to be announced shortly. The Senate members will be appointed by the speaker and the admirals by the secretary of the navy. It is probable that they will make a special trip to the bay section in the morning to confer with the conferees and to inspect the three proposed sites.

BRETHREN BAN PHONOGRAPHS FROM HOMES

BY ASSOCIATED PRESS. LEASSED WIRE TO TRIBUNE.

LOS ANGELES, May 27.—That ruling against the use or presence in the homes of their members of all talking machines, phonographs and gramophones, the annual conference of the old order branch of the Brethren Church came to a close last night, after a five-day session on a farm twelve miles east of here.

Some members sought to obtain from the council action forbidding the use of the automobile, calling it a "devil" machine, but the opposition was greatly in the minority.

Alleged Love Pirate Said to Have Wife

BY ASSOCIATED PRESS. LEASSED WIRE TO TRIBUNE.

LOS ANGELES, May 27.—That John R. Dew of Belleville, Ill., alleged "love pirate," under arrest here charged with embezzling \$2500 worth of diamonds from Miss Margaret McCormick, and her sister, Mrs. J. McCormick, of Sterling, Colo., has a wife living at 6055 Ellis avenue, Chicago. It became known today.

Love letters from women in practice of the mining district of Pueblo, but were found in Dew's trunk when the police opened it.

Troops Kill 35 as Mob Rushes Mexican Chamber of Deputies

Diaz Leads New Rebel Element in Vera Cruz

Carranza's Slayer Is Captured and Started for Capital Under Guard.

BY INTERNATIONAL NEWS SERVICE. LEASSED WIRE TO TRIBUNE.

MEXICO CITY, May 27.—Rodolfo Diaz, leader of the rebel forces, was captured today by Carranza's troops in the street riding at Mexico City yesterday.

Unconfirmed reports containing this information were received by military authorities here today.

VERA CRUZ, May 27 (By the Associated Press).—Rebel forces commanded by Felix Diaz and operating along the coast of the state of Vera Cruz are combining with other rebels and the troops still remaining loyal to the Carranza government, according to advices received here.

As yet there is no official confirmation of this report.

Diaz announced sometime ago that he had abandoned his opposition to the Carranza government and that he wished to leave the country.

SENATE ASKED TO NAME MAGISTRATE FOR INQUIRY.

BY RALPH H. TURNER. LEASSED WIRE TO TRIBUNE.

MEXICO CITY, May 27.—Rodolfo Diaz has been ordered to the effect that the Carranza government should name a magistrate to investigate Carranza's assassination.

NEW REGIME PROMISES TO GO AFTER VILLA.

A bulletin issued from the headquarters of General Obregon today stated that the government would go after Villa.

WASHINGTON, May 27.—The American consul at Chihuahua City reported today to the State Department that he had investigated reports of the seizure of "McDonald" and Homer Carr, two American citizens at Jimenez, and found that the reports were untrue.

A report from Chihuahua City to the State Department says it is rumored there that Villa is threatening Parral, west of Jimenez, in Chihuahua, and that Ignacio Enriquez, former governor of Chihuahua, is being held in military custody at that state, left Jimenez on Monday for Parral.

ALAMEDANS FEEL CONCERN FOR GEORGE F. WEEKS

ALAMEDA, May 27.—Concern for the safety of George F. Weeks, former Eastbay newspaper man, now editor of the Mexican Review in Mexico City, is felt by his daughter, Mrs. George Generaux, 1206 Pearl street, this city.

No word has been received from Weeks since the beginning of the mining disturbance in Mexico and fears that the Alamedans may have come to some harm are entertained.

Walter Weeks, a son, is now in the mining district of Pueblo, but was rescued as to his safety has been received recently.

Dense crowd gathered at Constitucion Plaza, Mexico City, watching General Alvaro Obregon triumphantly enter the national place, which is at the right, the facade showing. \$200,000 Fire In Mill Plant At Bay Point

Thousands Fight All Night to Save Town Itself From Destruction.

BAY POINT, May 27.—A \$200,000 fire this morning wiped out the plant of the Bay Point Lumber company, destroying 8,000,000 feet of lumber and shingles, 25 lumber cars and 500 feet of railway. One thousand people crowded to the scene, and the fire was fought for many hours. It is still burning but under control.

The fire, believed to have started from sparks deposited in some sawdust by an exhaust pipe. Night-watchman Larsen noticed the blaze about 1:15 a. m. It had just gained a fair start but immediately burst into such a fierce blaze that it had spread to many parts of the yard before help could be obtained.

THOUSANDS FIGHT SPREAD OF FLAMES.

Although 1000 people were on the ground from nearby points in an effort to stop the blaze they were practically helpless because only two obsolete hosecars were available. Bucket brigades were formed in an effort to save the surrounding property.

The flames shot hundreds of feet in the air and lighted the country for miles in one of the most spectacular fires that has been known here. Great piles of burning lumber crashed and added fury to the roaring fire. The lives of a number of fire fighters were several times endangered.

HIGH POWER WIRES ADD TO DANGER.

Although it took less than two hours for the blaze to wipe out the plant, it continued to burn for hours among the lumber piles flanking the yards.

There was considerable danger from high tension power poles which snapped and crashed to the ground with flashes of electric fire as the blaze ate them in two.

A portion of the dock was saved. Today the 300 employees of the plant began the work of clearing away the debris preparatory to reconstruction. This, it is announced, will start at once.

Belgium Will Deck Graves of American

NEW YORK, May 27.—Belgium will celebrate American Memorial Day by placing flowers on the graves of American soldiers, sailors and aviators who lie buried in Belgian soil.

Senate Agrees to Budget Bill

WASHINGTON, May 27.—The senate today agreed to the Good-McCormick budget bill conferring authority for a budget system under the secretary of the treasury.

\$500,000 TO WOOD PLEDGE FROM HANNA

Cleveland Mau Stood Ready to Finance Campaign for Big Sum, Says John King; Harding Fund Is \$113,109

Estimate of Over \$1,000,000 to Circularize All States Given by Expert; College Man Spent a Small Sum

WASHINGTON, May 27.—Dan Hanna of Cleveland agreed to raise \$500,000 to finance the campaign of Major General Leonard Wood, the Senate general investigating committee was told today by John T. King of Connecticut, who first was the manager of General Wood's national organization.

Mr. King said this agreement was made at a meeting at New York between himself, Hanna and William C. Wood, former private secretary of Colonel Theodore Roosevelt. The witness said Hanna "was to go out and gather it in for eighteen months' work." He added that it was not discussed with General Wood.

Contributions of \$113,109 has been raised for the campaign of Senator and Harding, Republican of Ohio, and \$107,704 spent, the committee was told by Henry M. Dougherty, representing the senator.

WOOD SAYS HE HANDED NO MONEY.

BOSTON, May 27.—Major General Wood said today he had no connection with the handling of the financial end of his campaign. He declared that he had confidence in Colonel Proctor, who has charge of the financial end of the campaign, that it would cost \$1,000,000 to mail circulars to every voter in the country. This estimate, he stated, was based on 35,000,000 male and female voters.

General Wood said this statement upon his arrival from the Republican state convention at Vermont.

COLLEGE MAN'S BOOM COST ABOUT \$40,000

WASHINGTON, May 27.—Dr. Nicholas Murray Butler's candidacy for the Republican presidential nomination has been financed to the extent of \$40,000, Judge John R. Davies of New York City testified today before the Senate committee of inquiry.

Fifteen men, including W. C. Butler of Everett, Wash., \$5000 each, the witness said. The contributions ranged from \$500 to \$2500 per individual. The entire fund was spent on general publicity, the witness testified.

"Suppose one man gave you \$500,000 to expend in your campaign would you call that 'idealistic'?" asked Senator Pomerene, Democrat, Ohio.

This was the expression used by Colonel William Cooper Proctor, General Wood's campaign manager.

The witness agreed with Senator Edge, Republican, New Jersey, that it would cost \$1,250,000 to give national circulation to a single platform pamphlet for a candidate.

The committee then went into the question of the campaign for W. C. McAdoo, Democrat, calling Dr. B. R. Jenkins, publisher of the Dr. Jenkins Post.

Dr. Jenkins produced a letter from John Shouse, assistant secretary of the treasury, which said in asking him to come to Washington that "we have not even the money to pay your expenses."

Edward A. Martin, who has many a Federal officers here, was the Missouri Democratic delegation.

"I doubt if there are any," Jenkins replied.

"Know of any funds being raised for the McAdoo candidacy?" Chairman Kenyon pursued.

"No, sir; on the contrary, those gentlemen last night said they had no funds."

SENATE THESE DAYS IS EXPENSIVE AFFAIR.

J. S. Darst, West Virginia state auditor and chairman of the committee in that state for General Wood's campaign, was the next witness.

"I have here the full statement showing that \$4,438 was spent in our campaign," he said.

"No local funds were raised," he asserted, though friends of General Wood in different counties have paid a little for halls and bands.

"Why, we consider this a small amount to spend on a sheriff's campaign in one of our smaller counties," he declared.

Why, \$100,000 is a small amount to spend for a Senator's campaign.

Text Given of Veto Message U. S. War Aims Forgotten Treaty Rejection Is Scored

WASHINGTON, May 27.—The following is the text of President Wilson's message vetoing the Knox resolution to end the state of war with Germany and Austria:

To the House of Representatives: I return herewith, without my signature, House resolution 227, intended to repeal the joint resolution of April 6, 1917, declaring a state of war to exist between the United States and Germany, and the Austro-Hungarian government, and to declare a state of peace to exist between the United States and the German government.

But the treaty as signed at Versailles has been rejected by the Senate of the United States, though it has been ratified by Germany. By that rejection and by its methods we have in effect declared that we wish to draw apart and pursue objectives and aims of our own, unhampered by any connections of interest or of purpose with other governments and peoples.

Notwithstanding the fact that upon our entrance into the war we were maintained in common interest with the great powers of the world, which would be calculated to prevent in the future such outrages as Germany attempted and in part consummated.

NO SIGNATURES ARE PROVIDED.

We have now in effect declared that we do not care to take any further risks or to assume any further duties in the service of the world, the freedom of nations or the sacredness of international obligations.

Such a peace with Germany is or ought to be inconceivable. The President concluded, "and is inconceivable with the dignity of this United States."

The House voted to postpone until tomorrow any effort to override the President's veto.

Wm. H. Nov. Ex-Mayor of Alameda, Dies

Pioneer Resident of City Passes Away at His Home After Long Illness.

ALAMEDA, May 27.—William H. Nov. 69, pioneer resident of this city and who had been engaged in the wholesale and retail butcher business here since 1876, died today at his home at 1355 Bay street. Death was not unexpected, because Nov. had been in ill health for a long time, and of recent weeks he had been rapidly failing.

The decedent is survived by a son, Richard Nov. and a daughter, Mrs. L. Dunleavy, both of Alameda.

Piedmont Home Burglary Laid To Girl Bandit

Articles With Appeal of Feminine Taste.

In the burglary of the home of B. L. Johnson, 132 Monticello avenue, Piedmont, last night, the police believe they have further proof that a daring girl bandit is operating in the Eastbay district.

The home was ransacked while the Johnson family was away on an evening motor drive. The same as that used on a fashionable Piedmont home last week, when thousands of dollars' worth of loot was taken by a girl and two men, who were seen leaving the house just as the family returned.

The police believe that the girl burglar was implicated in the burglary last night because of the fact that numerous articles that male burglars usually do not design to notice, and which have only a feminine appeal, were taken.

Andrew Bargie, 1827 Fifth street, near the police this morning that burglars had entered his home last night and secured \$149.

Dr. E. E. Wilson, Twenty-fourth and Harrison streets, in a complaint this morning to the police, said burglars had rifled his apartments of furniture and valuables. An old mahogany clock was stolen.

Treaty of Peace Is Opposed by Turkey

ANGORA, Asia Minor, May 27.—(By the Associated Press).—Unfavorable opposition to the treaty of peace has been expressed today by Turkey, which was represented by Mustafa Kemal Pasha, leader of Turkish Nationalist forces.

"The allied powers, led by Great Britain, are condemned," he declared, "and began to apply their decision by the very direct material manifestation known to the world."

Sparks Ignite Bed; S. J. Man Loses Life

RAN JOSE, May 27.—Mortife Collins, 72, died here today from burns resulting from the lighting of his bed by sparks from a patent medicine lamp last night.

His daughter, a school teacher, was slightly burned in trying to save the bed.

KNOX PEACE PLAN VETOED BY WILSON

President Claims Resolution "Would Place Ineffaceable Stains on Gallantry and Honor of the United States"

No Demands on Germany for Wrongs Done World Nations Provided in Proposal, Says Executive's Message

BY INTERNATIONAL NEWS SERVICE. LEASSED WIRE TO TRIBUNE.

WASHINGTON, May 27.—President Wilson today vetoed the Knox resolution declaring the war with Germany and Austria at an end.

The President declared that the resolution would place "ineffaceable stains on the honor and gallantry of the United States."

The President stated that the resolution sought to establish peace with the German government without exacting from the German government "reparation for infinite wrongs which it did to the peoples whom it attacked and whom we professed to assist when we entered the war."

"The attainment of these 'purposes' was provided for in the treaty of Versailles," the President added.

The President declared that the joint resolution would be a "complete surrender of the rights of the United States so far as the German government is concerned."

"Such a peace with Germany is or ought to be inconceivable," the President concluded, "and is inconceivable with the dignity of this United States."

The House voted to postpone until tomorrow any effort to override the President's veto.

Mandate For Armenia Gets Senate Refusal

WASHINGTON, May 27.—President Wilson will send his veto of the Knox resolution declaring the state of war with Germany and Austria at an end, to congress today.

Secretary Tamm made this announcement at the White House following a conference with the president. Asked whether the president would return the treaty to the senate with the veto message, Tamm replied: "I cannot answer that."

President Wilson's proposal for an American mandate over Armenia was disapproved today by the Senate foreign relations committee. Only four Democrats opposed adverse action on the president's request.

By a vote of 11 to 4 the committee reported a resolution declaring that congress respectively declined to grant to the executive the power to accept a mandate over Armenia.

Three Are Accused of \$135,000 Fraud

LEASSED WIRE TO TRIBUNE. SAN FRANCISCO, May 27.—Edward W. Hagan of San Luis Obispo today was accused of fraud in the arrest of Clarence D. Hillman, D. J. Walsh and Kay McKay, all of Los Angeles, charging them with grand larceny. He alleges they defrauded him of \$135,000. A detective left at once for Los Angeles to make the arrests. Details of the case were not divulged.

Mountain of Sugar Piled at Los Angeles

LOS ANGELES, May 27.—Nineteen thousand eight hundred sacks of cane sugar which arrived from Mexico today were stacked on the dock at Los Angeles harbor because the two local warehouses bonded for sugar were full to capacity, according to John R. Elliott, collector of customs. Most of the sugar was consigned to eastern points. The collector employed three men to guard it until it could be moved or stored.

G.O.P. Ticket, He Says

LEASSED WIRE TO TRIBUNE. CONCORD, N. C., May 27.—Senator Johnson of California declared in a political address here today that he would not bolt the Republican party at Chicago if he should not be chosen as the Republican Presidential nominee there.

"I am now engaged in a family quarrel," he said, "and when the selection is made at Chicago in two weeks the quarrel will be ended."

Mountain of Sugar Piled at Los Angeles

LOS ANGELES, May 27.—Nineteen thousand eight hundred sacks of cane sugar which arrived from Mexico today were stacked on the dock at Los Angeles harbor because the two local warehouses bonded for sugar were full to capacity, according to John R. Elliott, collector of customs. Most of the sugar was consigned to eastern points. The collector employed three men to guard it until it could be moved or stored.

# LOVE SMILES AGAIN SO WIFE DROPS DIVORCE

Following that Mrs. Eliza G. Bates, 400 Alcatraz avenue, has affected a reconciliation with her husband, William H. Bates, formerly a major in the army, the suits brought by her for separate maintenance and a suit brought against Mrs. Owen Freeman for \$25,000 damages, alleging alienation of affection, were today dismissed in the superior court. The dismissal was filed by Attorneys Dunn, White and Alken.

According to Attorney E. K. Taylor, who represented Mrs. Freeman, the dismissal followed a notice by him that he would seek to have the alienation suit set for trial.

That the two suits were the result of a general misunderstanding of the law by Mrs. Bates, is the assertion of Mrs. Freeman, who is the wife of Owen Freeman, a cattle man of Douglas, Wyoming. Bates, it is explained, stopped to visit the Freeman while on the way east for a few days and then proceeded on his trip. Being apprised of this visit and not hearing from her husband, Mrs. Bates sued her husband for \$100 a month separate maintenance, alleging that he had left her for Mrs. Freeman. She then sued Mrs. Freeman for \$25,000 damages, alleging that she had "persuaded and enticed" her husband and stolen his affections. It is said that Major Bates did not know of the existence of the suits until he arrived home a few weeks ago when explanations were made and the reconciliation affected.

# Committee Rejects Irish Resolution

WASHINGTON, May 27.—By a vote of 10 to 8, the House foreign affairs committee today rejected a resolution of Representative Borge, Ohio, which would have expressed the belief of Congress that "in the interests of world peace, Ireland should have a government of her own choice."

# Allege Plot Against German Government

BERLIN, May 27.—Rumors current here today were that Colonel Bauer and Commander Ehrhardt of the marine brigade were in Budapest attempting to organize a new movement against the German government.

# Billion Back Taxes Will Be Paid U. S.

WASHINGTON, May 27.—Authority for the treasury to make final settlement under which back taxes estimated at \$1,000,000,000 will be paid the government is provided in a bill passed today by the house and sent to the senate. The measure amends the 1915 tax law.

# 20,000 Women Fruit Workers Get Raise

SAN FRANCISCO, May 27.—A raise in the minimum wage of the 20,000 women employed in the fruit and vegetable packing industries of the state was ordered by the State Industrial Welfare Commission here today.

# Train of Gasoline Rushed To Supply Valley Farmers

Sacramento valley farmers are today receiving the gasoline needed to operate their power plants and trucks. A train of twenty-five cars loaded left Richmond last evening for the valley points with the assurance of the railroads that prompt delivery would be made. In some of the cities it is said to have been exhausted. In the meantime the gas situation throughout the state remains the same. The Shell Company still finds it possible to supply the fuel in unlimited amounts while the other three companies on this side of the bay are placing restrictions on pleasure drivers. The Associated and Standard Oil Companies are selling up to five gallons while the Union Oil Company has placed a three-gallon limit.

That cracked gasoline will be put on the market as soon as the Standard Oil plant at Richmond may be equipped to manufacture the product is one of today's announcements. This, with the fact that motorists in general appear to be following the advice of the California State Automobile Association and are saving their gas, is taken to indicate an end of the shortage within two months. Word from Los Angeles is to the effect that there is no shortage in that section. Service stations have been ordered to exercise economy that they might help the other districts in the state.

**BONNEY CASE CONTINUED**

Elbert L. Bonney, engineer of the Southern Pacific train which ran down and killed Harold Pederson Tuesday night, and who was later released on his own recognizance after he had been charged with manslaughter, appeared in the police court of Judge George Samuels this morning. The case was continued until Saturday pending the filing of a complaint.

# Paying the Doctor To Keep You Well

Wouldn't it be a very desirable form of insurance if you could pay the doctor a small sum yearly and in return receive a guarantee of good health? The small amount of trouble and expense would be insignificant in comparison to that of a spell of sickness.

This theory can easily be applied to the preservation of your eyesight. Occasional attention to your eyes will greatly extend their period of usefulness and guard you against the possibility of any serious eye trouble developing unknown to you.

Thirty-two years of exclusive optical experience enables Chinn-Beretta to offer you dependable eyeglass service.

# Bartender Shot Over Proffered Drink of Liquor

SAN FRANCISCO, May 27.—Albert Wetta, 29 years of age, was shot and seriously wounded shortly before noon today by T. Desarver, a clerk in the pawn shop at 162 Columbus Ave., after Wetta, according to Desarver's story, had threatened to kill him because he refused to share a bottle of intoxicating liquor that Wetta had in his possession. Wetta is employed as a bartender in the Bear cafe, near the pawn shop.

According to Desarver he was standing in the doorway of the pawn shop when he was accosted by Wetta, who presented a bottle of liquor and invited him to share it. Desarver said he refused and returned to the pawn shop when Wetta became abusive.

Later, according to Desarver, Wetta entered the store and despite the remonstrances of both Desarver and San Enser, proprietor of the store, insisted that Desarver take a drink. When Desarver again declined, Wetta is alleged to have drawn a revolver and announced his determination to shoot his reluctant guest. Desarver, according to the police records, then drew a revolver and shot Wetta through the right groin.

# Wife Divorces Him, Then He Goes to Jail

Failure of Chester Evans, a machinist, to provide for his two children, coupled with information that he had made threats against the life of his divorced wife, Mrs. Florence M. Evans, and others, besides being wanted by the Piedmont police for an alleged robbery, today resulted in his being given a sentence of one year in the county jail. The sentence was imposed by Judge James G. Quinn.

Mrs. Evans was granted a divorce with \$30 a month for the maintenance of her two children, Robert, 6, and Pauline, 3, by Judge E. C. Robinson in September, 1919, on testimony that her husband had once threatened to kill her because she had refused to pay the taxes because she thought she could let them go until her daughter was of age.

Judgment was given to the plaintiff by Judge A. J. S. Sure because the defendants had erred in the local description of the property and also erred in having a deputy instead of the county clerk sign the assessment roll. The court pointed out that the law requires strict compliance with all technicalities in such a case.

# Failure to Obey Law Wins Case for Minor

Failure of M. W. Whitlow, William R. Biaggi and five others to conform to all the legal requirements in buying up at a delinquent tax sale a \$900 piece of property for about \$800, today resulted in Barbara C. Munro, a minor, recovering possession of the property on payment of the \$900 of accumulated taxes.

Barbara Munro sued through her guardian, Roy J. Young, and testimony was given by Mrs. Maud May Munro, the mother, that she failed to pay the taxes because she thought she could let them go until her daughter was of age.

Judgment was given to the plaintiff by Judge A. J. S. Sure because the defendants had erred in the local description of the property and also erred in having a deputy instead of the county clerk sign the assessment roll. The court pointed out that the law requires strict compliance with all technicalities in such a case.

# Case Halted to Hear Argument

The trial of Harold Graven, University of California student, who is charged with manslaughter in connection with the death of Mrs. Marion A. Forrest, who was struck by his automobile, was halted today while the attorneys argued and presented authorities before Judge L. S. Church on the admissibility of testimony.

Ostrander and Carcy, representing Graven, demanded that the testimony of James H. Bassett, conductor of the street car from which Mrs. Forrest alighted, as far as it related to the speed of the automobile, be stricken out, contending that Bassett could not judge of the speed of the machine as it passed him.

Deputy District Attorney Myron Harris and Frank Shoy argued that the testimony concerning skidding is the best evidence possible concerning speeding, in the absence of a test by a stop watch, and they also submitted numerous authorities in support of their contention.

# Sports Program for Y Open House Tonight

Tonight at the Oakland Y. M. C. A. will be open house. This is the last Gym night this season. Bud Kearns and Bob Hager of the physical training department have arranged a program. Another interesting event will be an exhibition boxing contest between Babe McGurdy and Dudy Brobst. Aleck Krosick, the noted strong man, will do some amazing stunts. There will be a concert by the Magnavox, and a drill by 250 boys.

# GIRL INDUSTRY AID TO MARRY

Mrs. Chester Alfred Wallis, organizer of girls in industry under Oakland Recreation Department, leaves for the East on June 5, where her wedding with Frank L. Marsh, head of the recreation department in Hamilton, Ohio, will take place. Mrs. Wallis does not anticipate giving up her playground work in which she has become an authority, but will assume the position as associate of her husband.

The romance Mrs. Chester A. Wallis which is culminating in the June wedding had its beginning in San Diego, where Marsh was former superintendent of playgrounds and Mrs. Wallis was an assistant.

To Marsh credit is given for building up the entire system of recreation work in the southern city. A year ago he was called to the East. The playground work in Hamilton is being initiated under the new federation of that city. Mrs. Wallis came to Oakland from San Diego several months ago. During her connection with the local recreation board she has organized some 900 young industrial women in recreational groups.

The wedding will take place in Hamilton, Ohio, shortly following Mrs. Wallis' arrival.

**KILLED IN EXPLOSION**  
OMAHA, May 27.—Frank Z. J. proprietor of a garage was killed in an explosion which wrecked his house early today. His partially burned body was found two hours later. Zelen lived alone.

# Plumbers Enjoy Climate and Scenic Charms of East Bay

Delegates to the nineteenth State and F. J. Klamm of San Francisco, convention of master plumber associations of California today laid aside business matters and joined their wives in an auto tour and a picnic. They left the Hotel Oakland at 10 o'clock and first went over the Sky-Line boulevard, down the Redwood road to Piedmont and then through the University of California grounds to Crater Lake. A picnic was then enjoyed, followed by dancing, games and music.

The trip today was arranged by the Alameda County Master Plumbers' association, who also have been hosts to the visitors during the week. Tomorrow the delegates will visit factories where plumbing supplies are made. While many of the delegates will leave here tomorrow night, others plan to remain until Sunday.

**OFFICERS ELECTED**  
At the election of officers yesterday, F. C. Schilling of Los Angeles was named president. The other officers follow: H. Dixon of Sacramento, vice-president; F. A. Wilson of San Francisco, treasurer; J. L. E. Finner, secretary; J. W. Ferguson of San Francisco, assistant secretary.

The executive board comprises the following: Schilling, D. A. Deacon of San Diego, A. R. Benedict of Pasadena, H. Dixon of Sacramento, Robert Barcroft of Merced, and H. C. Lassen of San Francisco.

# Says World to End; Curtain Rung Down

SAN FRANCISCO, May 27.—John D. Jones, 21, who disrupted a show at a local theater yesterday, was under observation today at the detention hospital here. He threw a young woman against the floor, the tool, her place and after striking a few wild notes he leaped to the stage and declared lustily that the world was about to come to an end. Deputies overpowered him.

**DECATUR GROWS**  
WASHINGTON, May 27.—Decatur, Ill., now has a population of 43,815, according to announcement of the census bureau today. Increase since 1910 was given as 12,678, or 40.7 per cent.

# You can dance to the very last note

With the Columbia Grafonola you can dance to the last lingering note and step. The Non Set Automatic Stop takes care of that. This exclusive Columbia feature is at its best for dancing. There's nothing to move or set or measure. Just start the Grafonola and it plays and stops itself.

# With the Only Non Set Automatic Stop

This long-wanted improvement is now a part of the new Columbia Grafonola. Built right into the motor. Invisible. Automatic. Operates on any record, long or short.

No other phonograph has it. All other stops must be set by hand for every record. No other phonograph can get it. Basic patents protect the Columbia Non Set Automatic Stop.

It is the last touch of convenience added to the Columbia Grafonola's recognized leadership in beauty of design, richness of tone, and reliability of mechanism.

Ask the nearest Columbia dealer for a demonstration of the stop that needs no setting.

Standard Models up to \$300—Period Designs up to \$2100

# FRANCISCANS WIN MISSION TITLE

SAN DIEGO, May 27.—Through an order of court the Franciscan Fathers of California again have acquired title to San Luis Rey Mission. The land involved includes the few acres about the mission and its buildings and a part of San Luis Rey township, proceeding to vacate which are to be instituted. Patent for this land was signed by President Lincoln March 18, 1863, to be held in trust for religious purposes by the then Roman Catholic bishop, Joseph Sadoc Alemany.

Mission San Luis Rey was dedicated June 13, 1798. It is situated about ten miles inland from Ocean side, Cal., and was located as a day's travel each between Mission San Diego and Mission San Juan Capistrano. The mission was founded by Fathers Lasue, Santiago and Peyri and in its most prosperous days owned thousands of acres of land. It is not about the middle of San Diego county, with 60,000 head of domestic animals, and had settled in and about it some 3000 Indians.

Some time prior to the government grant, which formed the basis for the court action, the Franciscans abandoned all the missions except that at Santa Barbara. In 1885 there were only a few survivors of the "gray friars" branch of the Order of St. Francis, which established the mission in California. These mentioned the Franciscans of St. Louis, the "brown friars," to take over the Franciscan establishment in California, which was done that year. When the "gray friars" put aside the gray and donned the brown robe, Brother Peter, the sole survivor of the original "gray friars,"

# Shima, "Potato King" Sues for \$20,856

SAN FRANCISCO, May 27.—George Shima, Japanese "potato king," filed suit in the United States District Court here yesterday against the National Ice and Cold Storage Company for \$20,856 damages for 5922 sacks of potatoes said to have been ruined by improper storage. Shima brought suit in the United States court because he is an alien.

now resides at the Franciscan home in Los Angeles.

"The Franciscan Fathers of California" is the corporate name of the Franciscan province of Santa Barbara, which includes the Pacific Coast states, Arizona and New Mexico.

The action, a friendly one, which determined the boundary of San Luis Rey Mission, was brought at the solicitation of Father Dominic, its superior, by petition of Rt. Rev. John J. Cantwell, Roman Catholic bishop of the diocese of Monterey and Los Angeles.

# Crop Conditions in State Are Promising

Good crops of naval oranges and lemons have been picked in Southern California. Central California streams are full and farmers are irrigating profusely, dry stock feed is plentiful, although some stock is being driven to the summer ranges and the cotton crop is a fair average, according to the weekly report of the U. S. weather bureau, which finds conditions on the whole very satisfactory.

Warmer weather with dry winds in the northern, central and bay counties was favorable for ripening cherries and strawberries, but unfavorable for unripened grain and storage crops. Cloudy weather and showers in the south helped. Planting rice continues rapidly as does the planting of small lime beans and harvesting potatoes, cabbage and lettuce.

# LOAD OF WINE RESUMES TRIP TO CONVENTION

California's car of champagne is to attend the Chicago convention after all.

On orders said to have been received direct from Attorney General Palmer at Washington, the car, which had been sidetracked at Needles, was released and sent on its way. The permit under which it was being transported was declared to be regular.

The wine was halted by Frank M. Silva, prohibition enforcement officer. "It looks suspicious to me," he said, "but of course if it is for non-beverage purposes its journey to the East is legal. I understand, however, that it is to be shipped to a Chicago hotel and probably it is a mere coincidence that the same hotel is to be headquarters for the convention."

# Most Stores to Close for Memorial Day

The clerks' union of Oakland has issued a statement urging the public to do all its important buying this Saturday in order that the clothing, furnishing goods, hat, shoe, grocery and dry goods workers may be given a holiday on Monday, Memorial Day. On Memorial Day most of the stores are expected to close.

# Term in Prison Given for Mistreating Girl

Martin Furlong, a shipworker, who, according to his own plea of guilty, attempted to attack a young woman with whom he was keeping company and had known since she was 11 years old, was given an intermediate sentence of from one to fourteen years in San Quentin by Judge James G. Quinn.

## TRY MAGNESIA FOR STOMACH TROUBLE

It Neutralizes Stomach Acidity. Prevents Food Fermentation, Sour, Gassy Stomach and Acid Indigestion

Doubtless if you are a sufferer from indigestion, you have already tried pepin, bismuth, soda, charcoal and various digestive aids and you know these things will not cure your trouble—in some cases do not even give relief.

But before giving up hope and deciding you are a chronic dyspeptic just try the effect of a little bisulphate of magnesia—not the ordinary commercial carbonate, citrate, oxide or milk, but the pure bisulphate of magnesia which you can obtain from practically any drugstore in either powdered or tablet form.

Take a teaspoonful of the powder in two compressed tablets with a little water after your next meal, and see what a difference this makes. It will instantly neutralize the dangerous, harmful acid in the stomach which now causes your food to ferment and sour, making gas, wind, flatulence, heartburn and the bloated or heavy, lumpy feeling that seems to follow most everything you eat.

You will find that provided you take a little bisulphate of magnesia immediately after a meal, you can eat almost anything and enjoy it without any danger of pain or discomfort to follow and moreover, the continued use of the bisulphate of magnesia cannot injure the stomach in any way so long as there are any symptoms of acid indigestion—Advertisement.

## TWO KILLED, FIVE HURT IN MISHAP

SAN FRANCISCO, May 27.—Two persons are dead and five others are suffering severe injuries as the result of two accidents late yesterday. The dead are:

**LIEUTENANT JOHN CAHILL** of the engine No. 10, 520 Anza street.

**TRUCKMAN JAMES A. LEDDEN** of the engine No. 10, 509 Third street.

**TRUCKMAN SAM HENNESSY** of the engine No. 6, 2484-A Folsom street.

**FRED ARMISTEAD**, New Harbor hotel; internal injuries.

**WALTER WARD**, 2031 Fifty-seventh avenue Oakland; crushed leg; internal injuries.

**SAMUEL MADSON**, Mill Valley; internal injuries.

Lieutenant Cahill was killed and the two firemen were injured when the car in which they were riding overturned on the steep mountain road three miles north of Moss Beach.

Marshall Jones was killed outright and Armistead, Ward and Madson were severely injured when a huge truck bore down upon them at Bush street and Grant avenue late yesterday.

The truck was driven by Richard O'Brien, 3280 Twenty-eighth street, Oakland, and was owned by John Carlin, contractor, 77 Hoff street, San Francisco.

Edward J. Hankin, Piedmont traffic policeman, was painfully injured late yesterday when his motorcycle was struck by an automobile driven by J. G. Robinson at Wildwood and

## Governor Asks People for Expression on Highway Case

SACRAMENTO, May 27.—Complete abandonment of all highway construction work until the bond market is stabilized and all bonds in the hands of the State Highway department to be utilized for maintenance work only were suggested late last night after a conference between Governor Stephens, L. A. Nares of the California State Automobile association and Henry W. Keller of the Automobile Club of Southern California.

Governor Stephens issued the following statement:

"L. A. Nares of the California State Automobile association and Henry W. Keller of the Automobile Club of Southern California presented to me today a letter and copy of a resolution adopted at a joint meeting of the road committees of those organizations."

"The gentlemen stated frankly that their attitude had been changed only recently."

"Keller said that while a few weeks ago his board of directors was in accord with the proposal, through an initiative petition, to increase the

rate of interest on highway bonds to that highway construction could be carried forward without interruption and that while he declared his organization had been willing to assume a part or all of the expense of the circulation of such an initiative petition, all were now of contrary opinion."

"These gentlemen explained that the boards of directors of their respective bodies had, after further inquiry and investigation, changed their attitude to that of opposition to such a proposal."

"In the present situation the \$40,000,000 bond issue voted by the people on July 1 last, bearing 4 1/2 percent is unsaleable."

"To make them saleable until bond conditions improve, it would be necessary for the people to vote an increase of the interest."

"It is my desire to present this matter to the people of California for their best consideration."

"Any citizen, or body of citizens, can, by obtaining sufficient signatures for an initiative petition, present the question to the voters of the state."

Crockett avenues. According to the police, Robinson cut around another machine and struck the officer. He was taken to the police station, but was later allowed to go.

When Edward Hayes, colored, was struck last night at Twelfth and Broadway by a machine driven by J. H. Stanton, 53 years old, 525 Thirteenth street, he reeled over into the machine and punched Stanton on the jaw. Hayes is six feet tall and built proportionately.

Policeman Dan Flemming went to the rescue of Stanton. Hayes was taken to the police station.

## CANADA CHAIR REVEALS SECRET

PHILADELPHIA, May 27.—A musty American diplomatic secret has been disclosed here through announcement that Canada soon will send its own minister to Washington.

It is that for the last ten years a specially made chair, carved with the Canadian coat of arms, has been waiting in Washington for use of this envoy.

Elihu Root, then Secretary of State, ordered the chair, one of many specially designed for the Pan-American Union Building at the Capitol, Andrew Carnegie's memorial to cement more firmly the relation of the Americas. The story is told by Albert Kelsey, of this city, one of the architects of the Pan-American building, who said:

"Once a month the ambassadors and ministers of all the American republics meet and are presided over by our Secretary of State in the Pan-American building and each representative has a chair of his own, with the arms of his country carved on the back."

"Now when these chairs were decided on, Secretary Root asked me to have an additional one made with the Canadian arms on it, which was done, and which has been hidden for the past ten years, for Secretary Root cautioned me—to use his exact words—to be a 'little reticent about the matter.'"

"YOLLOWS HOUNDS AT 94. LONDON, May 27.—England's oldest follower of the hounds is Captain Thomas Dallas-York, father of the Duchess of Portland, who is ninety-four."

Samaritans are the tallest people in Palestine.

This Store Will Be Closed All Day Monday, May 31st. in Honor of Memorial Day.

## FUND IN AID OF FAMILY GROWS

The sum of \$345 has been subscribed to date toward the fund for the widow and four children of Ernest Loeffler, Oakland fireman who died while in the performance of his duty. Loeffler, who had been a public guardian for sixteen years, did not leave sufficient money to keep his little home intact. The firemen have appealed to the public to aid in raising a substantial sum of money for the family, which will not only aid them to maintain the home but will serve as a testimonial that Oakland is not heedless of their loved one's sacrifice. Checks and cash are payable to Chief Elliott Whitehead.

To further swell the fund the firemen, assisted by the Aerie of Eagles, are to be given a benefit dance at the civic auditorium on the night of June 18. The entire receipts from the dance will go into the relief fund.

The subscriptions to date follow:

<b>Total</b>	<b>\$345</b>

The \$350 subscription mentioned yesterday is credited to J. T. Moran 1031 Broadway.

## WOOLEN MILLS' HEAD TO PLEAD

NEW YORK, May 27.—William J. Wood, president of the American Woolen Company of Massachusetts and the American Woolen Company of New York, who, together with the two companies was indicted on charges of violation of the Lever Act, will plead tomorrow before Judge Hand in federal court.

The indictment contained fourteen counts, each charging specific acts of profiteering.

H. C. Smythe, special assistant attorney general, declared profits of the companies in 1920 increased 200 to 400 per cent over 1919.

The indictment, he said, revealed salaries and commissions in 1919 paid to Wood as president of both companies totaled approximately \$1,000,000, company's profits for the year 1919, despite a five mill strike in most of their important mills were over \$15,000,000.

## Brother Gregory to Preside at Exercises

Brother Gregory F. S. C. president of St. Mary's college, will preside at the annual commencement exercises to be held in the alumni gymnasium on the college campus Friday evening following are the degrees to be conferred:

The degree of master of arts on Thomas Gerald Allison, Coalbridge, Scotland. The degree of bachelor of arts on John William Collins, San Francisco; William John Feneran, Oakland; and Matthew Elbert Mul-

## I. A. Beretta, Optician, Dies in Oakland Home

Iale A. Beretta, for many years a member of the firm of Chinn-Beretta optical company, with stores in San Francisco and Oakland, died at his home at 475 Van Buren avenue in Oakland today. He was one of the best known opticians in California, having been in business in this state for thirty years. He was a member of several San Francisco and Oakland clubs and was well known in his own circles.

Beretta leaves a wife, Sylvia Beretta, and three children: Sylvia Beretta and Allan Beretta, and a brother, Caesar L. Beretta, a member of the same firm.

Funeral services will be held Saturday afternoon at the family residence under the direction of Live Oak Lodge, No. 61 F and A M. Interment will be private.

## BOGUS OFFICER TRIES TO ROB LONE WOMAN

Held up by a man who flashed a policeman's star instead of the customary gun to intimidate his victim, Mrs. Lillian Arthur, 623 Thirteenth street, last night outwitted the robber.

She was stopped at Thirteenth and Grove streets.

"Give me five dollars or you go to jail," said the fake officer.

"I have done nothing to go to jail for and I won't give you five dollars," replied the cool woman.

"All right, you're plucked. Stand still while I search you," said the thug.

But Mrs. Arthur had edged away and as the hold-up man stepped toward her, she fled across the street and took refuge in a house.

The blackmailer, however, refused to leave the vicinity and when Mrs. Arthur emerged from the house he was waiting for her.

She screamed for help and Patrolman Dan Fleming responded. The blackmailer with the policeman's star then fled and search for him was unavailing.

That

elusive note of refinement, yet audacious, in perfect harmony, yet daringly bold; Meadowbrook Sport Hats. For all sports activities, a diversity of models. They're sold by better stores from New York to San Francisco.

## our duty to disabled veterans

641,900 disabled men have been discharged from the Army and Navy. 360,000 of these are permanently disabled to the extent of 10% or more.

\$1260 is required on the average to rehabilitate a man for suitable gainful employment.

It has been estimated that \$500,000,000 will be required during the next year to care adequately for our disabled veterans.

Our duty to these men will not be fulfilled by distributing mainly among the able-bodied ex-service men a money bonus which self-respecting ex-soldiers, who willingly sacrificed their personal interests for the national cause, do not wish to demand at a time when our country is laboring under unprecedented taxation.

We therefore call upon our representatives in Congress not to delay action during a long discussion of general bonus legislation, but to secure the immediate passage of adequate legislation for the relief of our disabled veterans and their dependents.

TO THE READER: If you agree with this demand, cut it out, sign it and send it to your senators and representatives in Congress.

I endorse the above demand.

## AMERICAN LEGION GOSPIP

The national drive for new American Legion members has just ended. No official announcement has been made from national headquarters, but it is understood that nearly 1,000,000 new members have been added to the legion's rolls. The drive locally has been extended to July 1. Secretary G. E. Price announced today that a \$50 cash prize has been posted for the member of the local post who secures the highest number of new members over a minimum of ten. Other prizes will be announced before the campaign closes on July 1. The second prize will be offered by one of Oakland's leading department stores.

The baseball game between the teams of Oakland Post No. 5 and the Fort McDowell nine last Sunday resulted in a score of 2 to 1 in favor of the latter team. The game was played on the Fort McDowell grounds, with a large number of legion men and other rooters from Oakland present. It was a hard fought game, the climax developing in the seventh inning, when a change of pitchers was made. The batteries for the Oakland team were Andy Brown, M. Fickers, pitchers; E. Gale and Harry Lower, catchers. The local team expects to play Stockton next Sunday.

Have you recorded your discharge

papers? You should do so at once with the recorder of your county. It is important that this should be done, as evidenced by the many instances in which claims are being made where discharge papers are either lost or stolen. Remember that the official discharge is an instrument that cannot be duplicated, and although it may not be held with any particular pride now, there will come a time, with increasing years, when a considerable amount of sentiment will center around the discharge papers.

Let the American dead rest for always on the battlefield of France. Could these men speak, they would tell you that where they fell there they wish to lie—that they do not wish to be brought back to the homeland. How do we know this? Because those of us who were "over there" and faced death where our comrades now lie, feel that had we given what they gave we would rest more peacefully in the land we sacrificed our all to save.—Cal. Legion Monthly.

On Memorial Day the patriotic services in Hayward will be conducted by the Hayward Veterans' League (G. A. R.) and Hayward Post No. 68, American Legion, Local No. 519. Mr. J. J. Gannon has donated his services to the legion on that day and will furnish a band of seventy-five pieces under the leadership of Prof. De Cambra, Oakland. Samuel Shortridge will be orator of the day.

An organization known as the Ex-Service Men's Co-operative League is being used simply as a means for various individuals to enrich themselves through the sale of various magazines by persons in military and naval uniforms. This matter is now being taken up by the department of justice and by the national executive committee.

The biggest and most successful dance ever held in Contra Costa county was given by Crockett Post No. 33 on St. Patrick's day in the new \$55,000 community auditorium. The local boys had the place beautifully decorated for the occasion. The color scheme was wonderfully worked out in green and spring blossoms.

One of the first war memorials to be built in the United States, if not the very first, is the one which shortly will be erected under the auspices of the American Legion, in San Francisco, adjacent to the civic center.

The second annual convention of the American Legion, department of California, will be held in San Diego on August 22, and will be in session for at least three days.

The national legislative committee reports that the public health service is unable to care for those men disabled and who under the law are entitled to treatment one year after discharge of their discharge from the army. A member of the committee has forcibly presented this state of affairs to the proper committee of congress. Of the total number of men in the army approximately 72,000 men mentally deficient are entitled to treatment. Approximately 20,000 men are now suffering from tuberculosis.

The trial of Jack Dempsey, heavyweight champion of the world, and his manager, Jack Keenan, on selective draft evasion charges is set for Monday, June 7, in the United States District Court, San Francisco.

A recent organization of the Society of Military Engineers will include officers and enlisted men who served in the engineering units during the war either in the United States or abroad.

About 75,000 veteran officers who served in the army during the war have accepted commissions in the Officers' Reserve Corps.

The Second Division led all other divisions in receiving gallantry certificates, 611 such citations having gone to that division. The Third Division was second with 535.

Since January 1, the city of Philadelphia has paid for the funeral expenses of forty former service men who died from after effects of wounds sustained in the war.

Fifteen days' field training and not more than four days special instructions for officers and selected enlisted men are provided in this year's National Guard training program throughout the country.

Army doctors at Walter Reed General Hospital, in Washington, D. C., are receiving less than the bricklayers at work on the hospital buildings.

Field clerks in the United States army received from \$1200 to \$2000 per annum and, in addition, commutation of quarters.

It will take no less than two years before all American dead are brought home from Europe.

Long Island City, N. Y., is to have a \$300,000 building as a war memorial to soldiers and sailors of the late war.

END YOUR FOOT MISERY

Cal-o-cide positively gives quick relief and lasting results. It penetrates the pores and removes the cause. (Plasters in each package for Scabious Corns). All drug stores, 25c. Mailed for 30c.

Cal-o-cide FOOT REMEDY

To Make Hairs Vanish From Face, Neck or Arm

Keep a little powdered delatone handy and when hairy growths appear rub a paste with some of the powder and a little water, then spread over hairy surface. After 2 or 3 minutes rub off, wash the skin and it will be entirely free from hair or blemish. This simple treatment is unfailing, but care should be exercised to be sure and get genuine delatone, otherwise you may be disappointed.—Advertisement.

### NITTI CHARGES PLOT IN LONDON TO HURT ITALY

NEW YORK, May 27.—Premier Nitti of Italy, in a despatch to Italian authorities here says there exists in various European capitals a "staggering plan whereby news without foundation or entirely distorted, is given out for transmission to America for purely speculative purposes." The Italian headquarters' statement answers specifically a despatch from London on May 21 which said that news reports received from the Italian capital were certainly reliable. This despatch also said that Italy's political situation was causing anxiety among the entente powers, which was enhanced by the inability to get reliable news as to what was happening in that country. Italian authorities here cabled

### Brotherhood Men Sue Their Grand Lodge

LOS ANGELES, May 27.—Suit was filed in the superior court here yesterday by Orange Grove lodge No. 27, Brotherhood of Locomotive Firemen and Engineers, to compel the grand lodge of that organization to annul an order revoking the charter of the local body on account of recent unauthorized action of switchmen and trainmen. The complaint alleges that the grand lodge holds as trustee for the members real and personal property valued at \$500,000 in which the local body has an interest and that the revocation was in violation of the constitution of the order.

### PRETTY BRIDE? WATCH TRIBUNE AND FIND OUT

When Perry landed a bride it was announced that she was an heiress. Pretty? Wish we knew. But readers of The Oakland Tribune will have their curiosity satisfied next Sunday, when the bride appears with her dapper young husband in the new full page color comic. "Perry and His Bride" is the title of the newest creation of H. A. MacGill, Perry, Fiedle, Mrs. Pruett, Spuggy and the rest of them will be in it. Watch for it in The TRIBUNE. Corcoran, Bolivia, has been the heart of a copper mining district since the time of the Incas.

### Local Church Leads in Baptist Campaign

The First Baptist Church of Oakland has completed its task of raising the \$30,000 quota asked of it in the \$100,000,000 campaign of the new world movement of northern Baptists. Dr. C. W. Bryant of Oakland, state promotion director of Northern California, announced today. Fully \$25,000 of this money was subscribed last Sunday at a meeting held under the leadership of the pastor, Dr. John Snape, and the church campaign director, E. C. Dayman. After \$25,000 had been raised in various subscriptions, the announcement was made that the church could not reach its quota unless \$11,000 more were contributed, and twenty business men of the congregation undertook the amount. The quota was the highest asked of any Baptist church in Northern California in the drive.

## RICCARDI RAPS CLERK'S OFFICE

SAN FRANCISCO, May 27.—The row between Vincent Riccardi and County Clerk, Harry I. Mulcahy, was given a new impetus today when Riccardi issued a statement saying that while he absolved Deputy Clerk Groot from any knowledge of how the jury has been picked at the Booth trial he could not exculpate the county clerk's office.

As a result of Riccardi's demonstration that it is possible to name beforehand the men who are to be picked on a jury, District Attorney J. H. Quinn has announced that he is abolishing the venire in alphabetical order from the great register. Riccardi says his system will be 100 per cent perfect in beating this scheme against 100 per cent under the old plan.

In his statement, Riccardi declares that there are hundreds of men in the penitentiary who should not be there and who would not have been had they employed McDonough or his agents.

"I wanted to convince the grand jury," he said, "that jury corruption exists in the Hall of Justice, and I thought the statement I had made I wanted to show that the system was framed against me by McDonough just as I framed the Booth jury."

## National Conference Will Be Held Here

A national regional conference of the Woman's Christian Temperance union is announced for Thursday and Friday, June 24-25, in the auditorium of the Oakland Young Women's Christian Association. It is one of a series of five which is arranged under the direction of the State organization north. Delegates from Alameda, Contra Costa, Marin, Lake, Napa, San Mateo, San Francisco, Solano counties will be in attendance. A banquet will be arranged for the opening night.

## Sinai Sisterhood Is Addressed by Rabbi

Three hundred members of the Sinai Sisterhood of Temple Sinai listened to Rabbi Harvey Franklin discuss the aims and objects of the Sisterhood at the annual luncheon Tuesday at the Hotel Oakland. A program of music supplemented the address. Mrs. R. F. Marcus was chairman of the committee on entertainment. Officers in charge of the function were: Mrs. Lena Shafritz, president; Mrs. Alexander Hirschberg, vice president; Mrs. Louis Bernstein, secretary.

TELEGRAPHIC DIET  
SAN FRANCISCO, May 27.—E. B. Bowen, 42, cashier of the Postal Telegraph company here, died today of heart disease. Bowen for a number of years was telegraph operator for the United Press in various coast cities.

## Blue and Gray Will Join New Heroes Memorial Day

The programs for memorial services to be held Sunday and Monday in observance of Memorial Day are practically complete today, following a final meeting of the general Memorial Day committee in the city hall.

One of the features of the special service Sunday afternoon at Lake Merritt in memory of the navy dead will be an impressive ceremony during which flowers will be strewn on the waters of the lake from an airplane piloted by Lt. C. C. (Cliff) Durant while sons and daughters of veterans perform a similar ceremony from the shore.

The Lake Merritt services will open at 4 o'clock under the auspices of Colonel J. R. Wyman Circle, No. 22, of the Ladies of the G. A. R., and the musical program will be furnished by the Community Service singers. On Sunday morning a special memorial service will be held in the First Baptist church for all local G. A. R. members.

## COMBINED SERVICES Following the general memorial services Monday morning at the city hall.

## STEPHENS WILL GREET TRADERS FROM BRITAIN

SAN FRANCISCO, May 27.—As a part of the welcome of the twenty British drapers to this state and a vanguard of Eastern merchants who will accompany them, Governor William D. Stephens is to meet their special train at Sacramento on Sunday evening and extend them greetings in the name of California. These British and Eastern merchants are the vanguard of several hundred merchants who are coming to San Francisco to attend the convention of the Retail Dry Goods Association here next week. Arrangements for the convention proper will be completed today by Marshal Hale, vice-president of the National Retail Dry Goods Association, Robert Kahn, president of the California Retail Dry Goods Association, and Fred Harrier, representing the national association in the convention arrangements.

## Y. W. C. A. Work Abroad Is Outlined

How the Young Women's Christian Association is spreading social service throughout the world was told by Miss Mary Bosworth of New York to local missionary societies and its association workers yesterday afternoon in the Webster street building. Bosworth, who is touring the country in the interests of the world service program of the national association, is spending three days in Oakland. The work which is being done in India, Japan, China, South America and Europe was described. Its purpose is largely to train native secretaries and make the organizations self-supporting.

## Pope Says Ireland Needs Aid From Above

ROME, May 27.—In this hour Ireland needs special help from above, so that what she legitimately longs for may be obtained without falling short in any way of her duties. Pope Benedict made this statement to more than 300 Irish ecclesiastics and laymen whom he received at the Vatican yesterday.

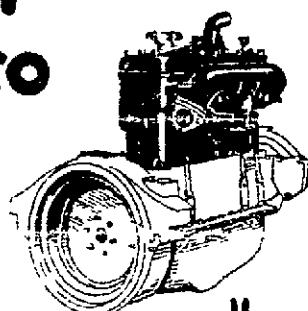

BAN MOTOR CARS.  
CAMBRIDGE, England, May 27.—Use of motor cars and motorcycles by undergraduates when attending lectures has become such

## Russ Ship \$12,000,000 Gold to This Port

VANCOUVER, B. C., May 27.—Gold valued at \$12,000,000 that was brought here on Monday from Hongkong in the steamship Empress of Russia, has been shipped to San Francisco under heavy guard. The money was Russian funds that had been kept in vaults of Hongkong banks for three years. The liner also brought 630 tons of silk.

a nuisance that the vice-chancellor of the university here has issued an edict against the practice.

## From Motor Rebuilding to Free Air

**Wonderful Development in Cooking Appliances**

The best development in cooking is gas. Gas is the most wonderful of all fuels. It is clean, it is safe, it is economical. It is the only fuel that can be used in the home. It is the only fuel that can be used in the home. It is the only fuel that can be used in the home.

**The Story that Service Records Tell about the CHALMERS Hot Spot and Ram's-horn**

A business man walked into a Chalmers store. "If you will let me examine these service records of the Chalmers for the last three years I will tell you whether or not I will buy a car from you."

The records were laid before him. He bought a Chalmers. Three years ago Hot Spot and Ram's-horn were first used in a Chalmers.

In that period replacements per car per year have become a remarkably small item.

For Hot Spot and Ram's-horn, by their ingenious ways of preparing the inferior "gas" of the day for combustion, have built up a series of virtues:

- 1—They get more power out of low grade "gas."
- 2—They get smoother power.
- 3—They prevent the frequent fouling of spark plugs.
- 4—They prevent raw "gas" from trickling down past the pistons into the crankcase. (Thus the lubricating oil is not thinned out and such troubles as burned bearings and scored cylinders are notably absent.)
- 5—They reduce vibration. Not only does a Chalmers run smoothly, but this smoothness is a continuous performance.

Hence repairs are small and replacements infrequent.

The service records denote a diminishing influence in Chalmers cost, and in the meantime the obvious result has been increased impetus to sales.

That is but another reason for that daily growing impression that Chalmers is one of the few great cars of the world.

# WHY?

**Sold in One, Three and Five Pound Vacuum Packed Cans**

## No more boiling

*Just soak the clothes and rinse*

# An entirely new way of washing

**T**HAT wearisome bending over the wash-board, rubbing away for hours—that tiresome standing over the hot boiler—pressing down the clothes—lifting them out with a wash stick—

Monday would no longer be a national day of drudgery if you could absolutely eliminate rubbing and boiling!

Now a way has been found that *does* eliminate the hardest part of wash day!

A wonderful new form of soap has been produced which *soaks* the clothes clean—makes them gleaming white—without either rubbing or boiling.

*A new form of soap—in granules*

Rinso is not a cake soap, not a "washing powder," but a wonderful new soap product—in fine *granules*.

These pure granules are so rich in cleansing value that all the dirt is loosened while the clothes soak overnight.

Yet they are so mild that your tablecloths and muslins  
soak as safely in the Rinso suds as in water alone.

You rinse the clothes in the morning, and they are ready for the line! Only badly soiled places, like cuff edges, need a light rubbing between your hands.

Without boiling, without a bit of hard rubbing—even if you use cold water! You cannot believe it until you have tried it.

Don't wash the old way even another week. Follow the easy directions on the package and let Rinso save you the work of wash day, and save your clothes.

Your grocer has Kinso. One package will do your whole week's washing. Lever Bros. Co., Cambridge, Mass., (Makers of Lux.)

Rinso 8c

## OPPORTUNITY IN MEXICO.

Francisco Villa seems to be disposed to take a hand in the Mexican disturbance and make more trouble for his country. The chances that he will succeed to a great extent seem unfavorable. All political factions with the exception of the Villa banditti, were fairly well united in the campaign against Carranza, as the quick triumph of the Huerta-Oregon revolution attests. Having come together to establish a new federal regime, they must in all reason be expected to stand together long enough to subdue Villa, the first attacker.

Villa never had much sympathy outside the mountainous districts of Chihuahua and cannot expect any more now. His new depredations, if there are to be any, must be put down as pure villainy, without any worthy or patriotic object. If he feels any regard at all for the welfare of his country he will wish the new regime to succeed in restoring order and bringing to Mexico that prosperity for which it has long waited.

Aside from the disturbance which the notorious Villa and other outlaws may make, Mexico's prospects are bright. With peace and order in Mexico, the relations between the United States and all Latin America ought to show much improvement. Largely due to the machinations of Carranza and his able lieutenant, Luis Cabrera, a campaign of anti-Americanism has been waged throughout Latin America for the last six or seven years. Mexico has herself afforded the proof that the charges and suspicions against this country were unfounded. Tolerance, forbearance and supine non-resistance in the face of grievous provocation never had more striking exemplification.

Now all that is expected of Mexico is steady progress toward normal political conditions—it still being courteously granted that revolution and anarchy may not be the normal state in Mexico. The country is economically sound. Unlike the United States and every country in Europe, Mexico is on a gold basis. Past conditions worked for the retirement of paper currency and the general use of gold and silver coins. In its work of reconstruction and meeting new demands, the world requires much that Mexico has to sell.

The leaders who have overthrown Carranza and set up a new government have a great opportunity. Will they realize it? And will the American government help by prompt recognition of the new order?

## FOURNIER AT MAUREGUE.

Announcement of Brigadier General Fournier, commander at Mauberge, was to have been expected. Indeed, it is probable that the court martial had for its purpose more the fixing of an authentic record than the punishment of a soldier whose gallantry never was questioned, and who held out for two agonizing weeks against odds of long-range guns too distant to be reached by any return fire.

The Battle of the Marne grew to intensity at the time when relief should have been sent to Fournier at Mauberge. Paris was too much engaged in other battles to send a man and a gun which Zoffe had said would enable Fournier to make a siege of Metz and the line force daily grew smaller. Great shells leveled the battlements, and in a heap of ruins the French held on until the task became hopeless. Fournier sent messengers to ask the Germans to allow him to parley with military honors but the reply came that the surrender must be complete. One more day forced Fournier to fight. This was on September 8, 1914.

Mauberge's story before its surrender was one of glory. After Charlot the Germans attacked in mass formation and bombarded the place for days, but were unable to pass. In sorties they lost 25,000 men. It was only after the magazines had been destroyed and Heronfontaine and St. Woods had been taken by the enemy that the surrender was made.

Fournier was brought to trial on a report of the council of enquiry, which considered that he should be held responsible in part for the capitulation of the fortress and for having lacked energy and method. It indicated extenuating circumstances, the condition of the fortress, incomplete preparations, and the insufficiency of the command of sectors placed at the general's disposal. After the surrender, it held, Fournier's conduct was irreproachable.

When Fournier hoisted the white flag 17,000 of his garrison of 35,000 had been killed, wounded

or missing, and the remainder could only be saved by passing them over to the enemy as prisoners. Each day of delay meant so many more dead without a chance for defense or retaliation. The range had been found and the long-range guns were doing the work of havoc from points far behind any that could be reached by those of the fortress.

At Mauberge the German losses were greater than those of the French, and there was no material of war captured. In importance to the enemy it represented the removal of a strong barrier to the first German advance into France. Indicative of the manner in which the foe laid his shells in the fortress is the fact that platforms for the guns had been established two years before the war in a seemingly innocent factory four miles away. The place, without big guns for defense, was a trap and Fournier and his men performed signal service in holding it as long as they did.

## A PARTY QUARREL.

Mr. Bryan is utterly and emphatically opposed to the proposal of President Wilson that the United States take the mandatory for Armenia, as provided in the covenant of the League of Nations. He says it is impossible for the United States to accept the Armenian mandate. It is a wrong policy for the American government, contrary to its fundamental precepts and calculated to be of less assistance to the new Armenian republic than a simple attitude of sympathy and good wishes.

Perhaps Mr. Bryan is right. Certainly the question of the United States assuming the role of responsible protector and sponsor for a new small nation in the Caucasus mountains ought to be examined with care and at length before an affirmative decision is taken. The assumption of any new role such as this ought not to be made in advance of ascertaining the wishes of the whole people. It is a new adventure. It is not forced upon the American government. The privilege of free choice remains and in all such cases the verdict of the people should be obtained. Once the mandate is undertaken the responsibilities should be accepted and discharged without any faltering or attempts at evasion. The country should know precisely what is involved.

But quite aside from the merits of the mandatory question, it is interesting to note the sharp and absolute difference of opinion of the two principal figures of the Democratic party. President Wilson is the titular leader of that party, and at present wields more influence than any other person in party councils. Mr. Bryan is former titular leader and is second in rank and influence. It must be said in all justice that he has contributed more than any other man since Cleveland toward Democratic hegemony, toward that party solidarity which has today meant the infliction of a Democratic administration upon the country.

Yet Mr. Wilson and Mr. Bryan are as far apart as the poles upon the first concrete proposition to be presented under the new order which the League of Nations, supported by the Democratic party, including Mr. Bryan, seeks to set up. The cleavage is definite, distinct. Mr. Bryan takes no pains to choose nice sounding phrases to tell the country that Mr. Wilson has made a dreadful mistake in recommending that Congress authorize the Armenian mandate. His statement is so worded as to lead to the plain and ugly impression that he considers the President foolish.

There will be curious speculation as to why Mr. Bryan has so promptly challenged the President on this question. His haste really is unseemly, unless, as many must suspect, there is a political motive in starting the controversy at this time. Undoubtedly the Republican members of the Senate will be more considerate. They will let the Armenian mandate rest until other and prior questions are disposed of.

First there must be ratification of the peace treaty of Versailles, with the League covenant included. Until this country accepts the League covenant there can be no mandatory. We have not yet entered into the League of Nations. We will not have entered until the treaty is ratified. President Wilson is of course fully aware of this fact. The Versailles treaty has been returned to him with the information that the Senate cannot agree to it. So the same questioning applies to him that applies to Mr. Bryan. Why has he not endeavored to get the essential first problem disposed of—ratification of the peace treaty?

So far the Armenian mandate can properly be considered only a subject of controversy within the Democratic party. And may each faction make the most of it.

California's considerable industry of bean raising, it is feared by those who are concerned in it, is menaced. The Federal Bureau of Markets reports that the acreage for this year has fallen off 20 per cent. The bean appetite, except it may be around Boston, seems to have slumped. The principal reason for this is believed to be the returned soldier, who, it is soberly averred, will not look a bean in the face. His attitude is telling on the family, which more or less is influenced in its food selections by his pronounced aversion. But while the demand and acreage have slumped, the price hasn't, unless such a trend has occurred very lately. The price has kept up surprisingly for an article that has been falling from its former estate.

And now it seems to be a case of "hock der kaiser's" throne.

## NOTES and COMMENT

The Senate inquiry into expenditures of presidential aspirants discloses that Hoover's outlay has been \$66,000. For one who didn't know where the funds that were being expended in his behalf came from, and didn't think that very much was being expended, and seemed desirous of having it understood that he isn't an anxious candidate, this is quite a respectable fund.

The report that five millions had been raised to assist McAdoo into the White House and continue the family tenancy is without any doubt an over-estimate, but his friend Baruch refused to throw light on the subject when hailed before the senatorial committee. Money comes easy from the direction of the McAdoo fund is supposed to hail from.

McAdoo was not greatly affected over the presidential primary if out 5000 votes were cast. The apathy seemed to prevail most decidedly in Democratic circles, as 103 towns failed to cast any votes of this character.

The statement from Chicago that America has coal enough to last 7000 years, would be reassuring if it could be guaranteed that the miners would always be of a disposition to get it out.

It is announced that the gasoline shortage will be over in ten weeks. In the meantime it ought to be made clear as to just how short the shortage is. The evidence that has been published is conflicting.

Setting spring guns is a rather dubious way to come up with burglars. There is too much chance of putting innocent persons and while it is a theoretical fact that a guilty person who may thus come to grief is not entitled to sympathy, there may be exceptions, as we have seen.

A despatch tells about "the lid being off" as to bathing suits at the seashore resorts affected by Washingtonians. It is a new way of stating it. But of late there has been such a clamping down of lids that it is interesting to hear of one that has been taken off.

It is interesting to learn that Mexico, since achieving her independence in 1821, has had seventy-two governments—seventy-three, if the one that now seems to be in the ascendant is included. This doesn't average one a year, but it is to be remembered that Diaz was in the saddle some twenty-four years.

Anent the hobnobbing of the sons of favorite sons, as per a despatch, the son of Candidate Johnson might say to the son of Candidate Wood that the progenitors are absorbed in a struggle to attain the presidency of the United States—a job in which not much fun can be extracted and from some other experiences that are possible when the work is young.

Precious excerpt from the Redding Searchlight. "Says the editor of a paper who seems to know: When a woman can't look a man in the eye she frequently sidesteps the difficulty by kissing him."

The Stockton Record hints at another famine. "Let the goats of this country tremble. A tin can famine is threatened. 'Goats' in this case means real ones, or the other kind."

Agricultural item from the Woodland Mail. "Why lament it your vegetables don't come up to the picture in the seed man's catalogue? To the true enthusiast, it is marvel enough that they come up at all."

## SPIRIT OF THE STATE PRESS

Sonoma and Marin county dairymen have arranged for a pure bred bull sale to be held at Petaluma on September 18. Breeders of Holstein, Jersey, Ayrshire and other breeds have agreed to consign to the sale. They will have to submit records and pedigrees to a committee before entry will be accepted. The standard set is that the dam first show a production record of 400 pounds of butter in one year or better—Cloverdale Revelle.

The situation in which Judge H. D. Gregory of the superior court of Butte county finds himself, without the aid of the State primary, is a real one. He is an opponent to re-election for six years, every possible candidate having announced unwillingness to run, is a happy one for Butte county as well as for his honor and is a fine tribute to the clean record and absolute integrity of the judge. (Chico Enterprise)

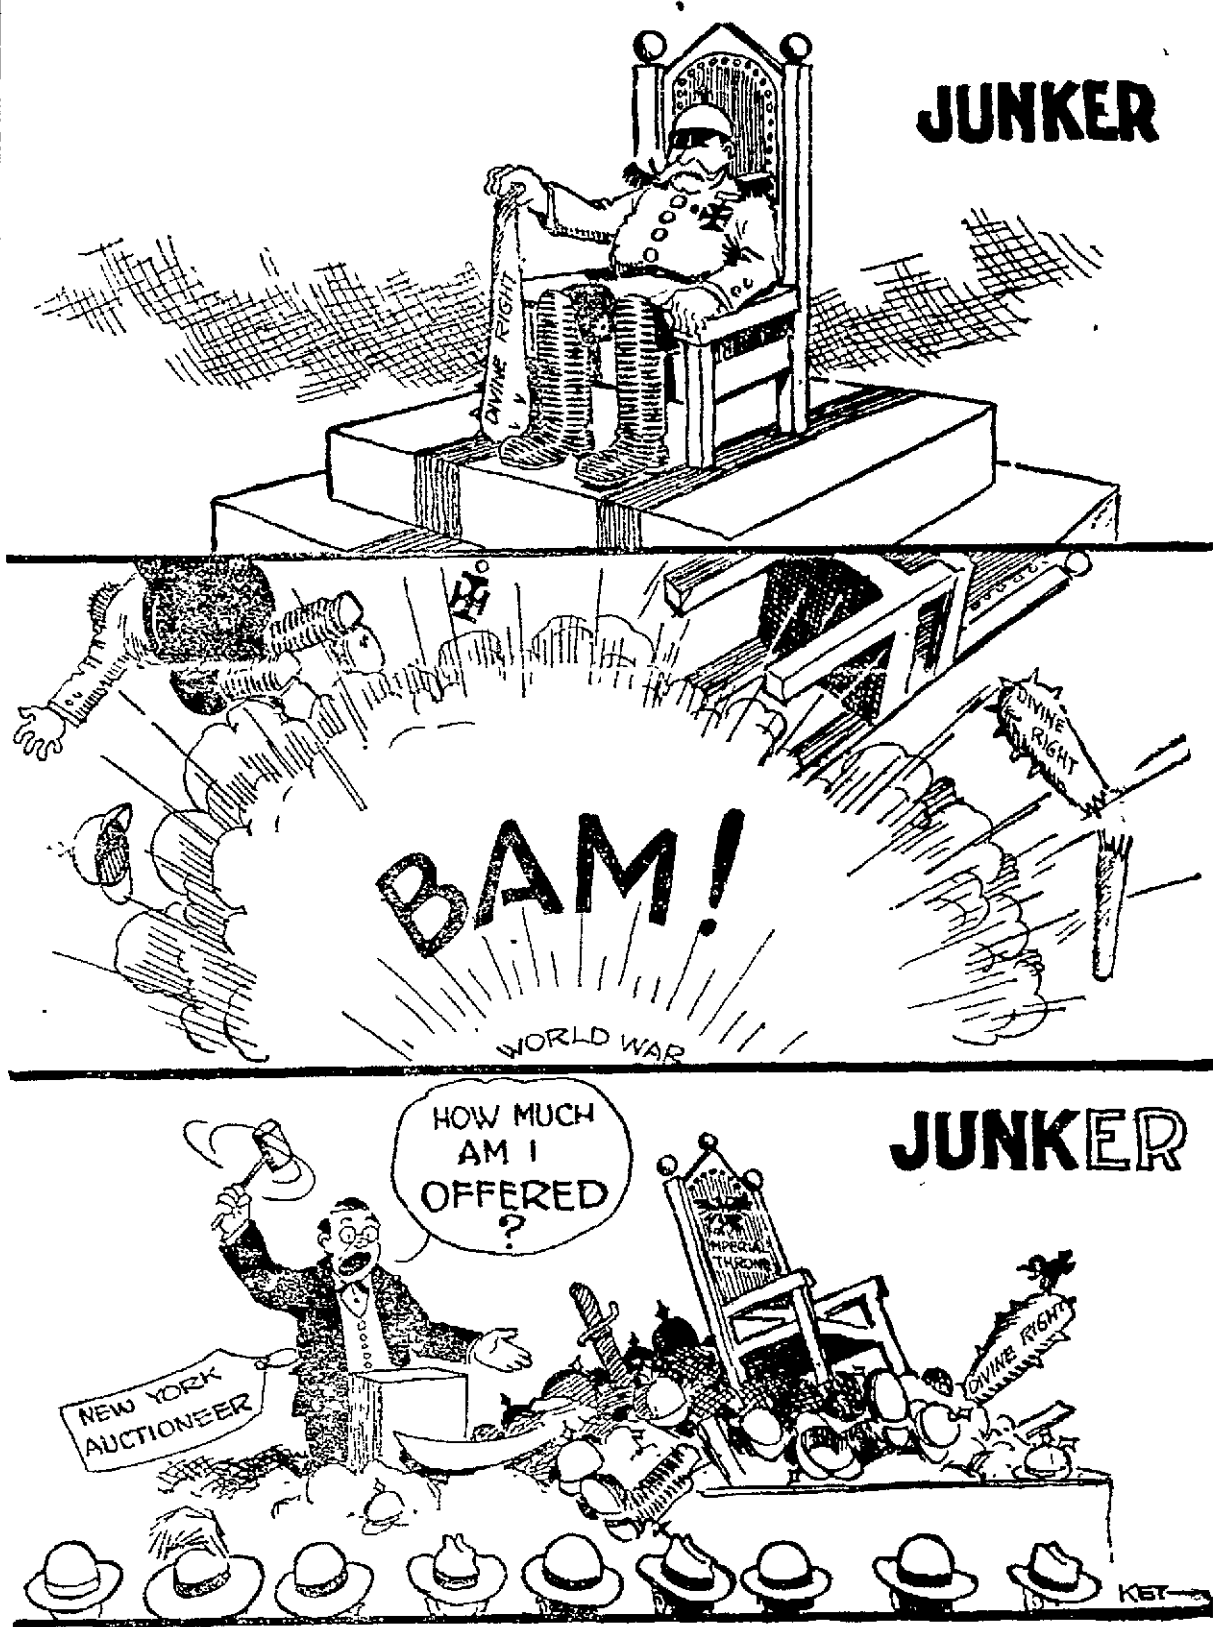

While the candidates themselves have not benefited to their satisfaction by the State primary, the primaries have served a valuable purpose in providing an incentive for the voters to inform themselves on matters of political importance. (Palo Alto Times)

The first black flag of the season from India received at Los Angeles recently brought the record price of \$125 a pound. There were eight pounds in the shipment and they were sold to a nearby Easting House system—Merced Star.

Fighting from the launch Leona, Dr. Zeno Grey, the author, brought to gaff a beautiful white sea bass weighing 33 pounds, after a fight lasting fifteen minutes. For a few hours each day Dr. Zeno Grey goes fishing. He is working on a new book at his bungalow overlooking Avalon bay—Burlingame Islander.

W. W. Garthwaite, president of the Oakland Bank of Savings, has purchased six acres of land near Dr. Humphreys' lake, and has started the erection of a residence. H. K. Jackson, president of the Jackson Furniture Co., of Oakland, has purchased four acres adjoining the land bought by Mr. Garthwaite, and will also erect a home—Low Gates News.

## ONLY SLIGHTLY DAMAGED.

## Mexico's Remarkable Capital

"In all the world one cannot find a more remarkable capital than Mexico City," says William Joseph Shawler, in a communication to the National Geographic Society, concerning an interest center of the present Mexican revolution.

"Sited in a valley whose floor is a mile and a half above the level of the sea, and whose borders are surrounded by towering mountains; located where the beautiful volcanic Popocatepetl and Iztaccihuatl, with their snow-capped peaks above the plain and stand eternal guard over it, its situation is one of rare beauty and grandeur. Its climate is mild, the temperature, ranging from 55 to 70 degrees, with a mean of 65 degrees. No man sleeps without a blanket in Mexico City, nor needs an overcoat at midday."

"Prior to the conquest the lakes of the Mexican valley were extensive and the barges of the Aztecs sailed uninterruptedly from the gates of Chapultepec to Ixtapalapa. A large number of canals intersected the ancient metropolis of Tenochtitlan and connected with the lakes in the suburbs, making it a sort of new world Venice."

"In 1607 the celebrated Portuguese engineer Martinez undertook to drain the Valley of Mexico by cutting a canal through the mountains. The work, however, was largely a failure, since it drained only one small lake and an unimportant river leaving lakes Texcoco and Chalco still perpetual menaces to the city."

"In 1879 a huge drainage canal thirty miles long was begun, which was completed in 1900, at a cost of about \$5,000,000. American gold. Its completion removed the danger of inundations from Mexico City and solved the problem which occupied the thoughts and engendered the fears of the Aztecs as far back as 1449."

"Mexico City is the most complete mixture of the ancient and the modern to be found in the New World. The old city might date anywhere from the tenth century, in its upper portions. The new city is ultra modern, and you step from the sixteenth to the twentieth century by walking across the street."

"The Paseo de la Reforma, extending from Chapultepec to the Avenida de Juarez, a short avenue connecting the Paseo with Avenida de San Francisco, is one of the finest driveways of the world."

"The city is full of interesting places. Whether it be the cathedral, which rears its majestic towers to heaven on the very spot where the sacred temple of the Aztecs stood, and where tens of thousands of human beings were sacrificed to the sun; whether it be the Hospital de Jesus, built on the site where Cortes and Montezuma first met, and supported to this day from the revenues of the estate of Cortes; whether it be the Jockey Club housed in the beautiful House of Tiles, whether it be the bronze equestrian statue of Charles IV of Spain declared by Humboldt to be second only to the statue of Marcus Aurelius at Rome, or whether it be Chapultepec, with its memories of the American triumph in Mexico, there is no place with more attractions from a historic standpoint than Mexico City."

"From the American standpoint, burial customs in Mexico are very strange. A grave may be rented in perpetuity or for a term of years. If the latter option is taken and the rent is not paid promptly at each recurring period, the bones of the occupant are ejected and thrown upon a great bone pile. These bones from time to time are cremated."

"At Mexico City's great city of the dead, where 160,000 people have been buried, there is a cave which contains hundreds of tons of human ashes. The Mexican law forbids services at the grave since the separation of church and state under Benito Juarez."

## THE FORUM

The Editor of THE TRIBUNE declines responsibility for opinions and statements of persons appearing in columns. Brief contributions on current topics of general interest are welcome. They will not, as a rule, be printed unless accompanied by the name and address of the writer, which, if desired, will be withheld from publication.

## A VALUABLE SOURCE OF FOOD SUPPLY ENDANGERED.

To the Editor of The Tribune: Why will people sign petitions before hearing both sides?

Several weeks ago I read a statement in the paper that a man in Piedmont complained that his neighbor kept thirty hives of honey bees and in consequence he was unable to walk in his garden because of them. Yesterday I heard the sequel of the affair. It seems that the man who complained drew up a petition, making the case out as bad as he possibly could, secured signatures from nearly everyone in the neighborhood—even from people who didn't know what a bee looked like. One, who refused to sign and stated very properly, said it was very unjust to the bee keeper, for they didn't even know that there were bees around until he read the complaint. The petition when came for the removal of the apiary was presented, as stated, to the Board of Supervisors, who passed favorably upon it.

As I was riding to town this morning, I read on one of the ad cards in the case "Sugar is scarce, come serve it." What money is not sugar, it is a sweet and a very valuable concentrated food, especially good for children. We have an abundance of honey producing flowering trees, shrubs, and plants in this vicinity, but all the nectar would go to waste were it not for the activity of the honey bees, who work from early morn to dusk gathering it and storing the surplus, which is found in the markets as honey, and the comb-honey sold in little wooden boxes.

It seems to me that if the Board of Supervisors so readily grant a petition in one instance, they may do so in another, thereby discouraging the keeping of bees in a small way; thus causing not a little loss in food supply and cutting short the development of a new and growing industry in this section of the country.

JOHN S. ENGS.

Oakland, May 26.

## FATHER WANTS GUN TRAP MAN TO FACE TRIAL

Henry Weick, father of the 14-year-old schoolboy, Theodore Weick, of 912 Thirty-sixth avenue, who was shot to death in a trap at the Eureka Lumber mill Sunday, has demanded that the district attorney's office conduct an investigation into the justice, culpability of Frank L. Parker, wealthy lumberman, who threw the boy's body in the estuary. Weick insisted that Parker should be prosecuted for setting the deadly trap with intent to kill a human being.

An inquest was held today the coroner's jury returning the following verdict:

"We find that Theodore Weick, aged about 15, residing at 912 Thirty-sixth avenue, came to his death from a gunshot wound in the right side of the chest and that the boy was shot and killed by a trap gun set by F. L. Parker, manager of the Eureka Lumber company, at the office of the lumber mill while the boy was trespassing on the premises.

"We recommend that a city ordinance be passed for the protection of firemen, police and other authorities, making it unlawful for anyone to set or place any trap or similar device liable to inflict bodily injury."

Deputy District Attorney Calkins said this morning that the killing is being investigated. He would not outline what progress has been made.

**School Board to Seek Building Pointers**  
A study of the types of construction in the William Land and Washington schools in Sacramento will be made by a delegation from Oakland, for the purpose of securing data for school building in this city.

The trip will be made by members of the principals' committee of the Oakland public schools, accompanied by Superintendent of Schools Fred M. Hunter, Supervising Architect C. W. Dickey and Chief of Construction Marston Campbell.

## Smoke From "Ham and" Hides Time Ball From Sailors

SAN FRANCISCO, May 27.—A cloud of smoke which puffs from a stack on the Hotel Fairmont is causing serious complications to marine navigation and vocabulary, and is responsible for a daily rumble of nautical swear words that may be heard from the Gate to the Marine Exchange.

It is all because the cook, or someone, at the Fairmont throws an order of ham and eggs on the stove at that hour when the skippers of all the craft on the bay are straining their eyes toward the time-ball on the hotel roof. At that moment when the scores of chronometers are about to be corrected the smoke shoots up and the ball is hidden. Ships have been sent off their course for less and some have departed thirty seconds ahead of schedule.

The official time-ball was first placed on Telegraph Hill. Then it was moved to the ferry building and later to the Fairmont. It drops at 12 noon on signal from Marc Isl. and amid is the occasion for all of the captains on the bay to leave their cabins and take to the decks.

## M. C. On Visit Here Favors Bonus Bill

Congressman Carl Hayden, of Arizona, who is in Oakland in the interests of an advertising corporation of which he is vice president, today wired his secretary and the house of representatives that he is in favor of the soldiers' bonus bill, which it is believed will come to a vote sometime this week. Congressman Hayden is on the last lap of his journey as a member of the committee on Indian affairs. He leaves tonight for Salt Lake to join the other members of the committee now making investigations in that section.

**POLICE EXAMINATION**  
Examination to establish an eligible list for promotions to the position of sergeant of police will be held on June 12.

# Navy Contingent Will Be Entertained at Commercial Travelers' Industrial Show

Girls Will Exhibit Perfect Feet on Stage to Decide the Winner of Trilby Contest; Reception Is On Program

Wearing home-made smocks of gingham, calico and percale, two hundred Oakland high school girls presented a pugnant last night at the Commercial Travelers' Industrial Exposition which was the keynote of economy. Shirt waists, skirts, house dresses, volles and organdies worn by real live models paraded across the stage of the Auditorium Theater in a pageant which seemingly had no end. Hats, copied from the latest Paris models, also occupied much of the attention of the audience and brought forth much applause.

Tonight will be naval night. Ben E. Walsh, director of the big show, issued a formal proclamation this morning inviting the Eastbay public to participate in a public reception to the naval officials and men stationed in San Francisco to be held at the auditorium this evening.

**FILM SHOW PROMISED**  
"This day has been set aside by the Commercial Travelers to our Navy, and in order to pay due homage to the Navy, its officers and men, it is especially requested of the people that they assist the travelers in their public reception of the men who will be the guests of the exposition this evening," runs Weick's statement. "Let us get together and share in the honors of making this night a big success."

Prior to the reception the naval film, "The Navy in Action," will be shown in the auditorium theater. Among the officials who will attend are Captain H. B. Price, commander Naval Training Station, San Francisco; Captain Cyrus W. Cole, Navy Recruiting Inspector, Western Division; Commander John H. Blackburn, Assistant Recruiting Inspector Western Division, and Commander John B. Earle, Executive Officer, Navy Training Station, San Francisco.

Three of the naval officers who will attend the public reception to be given in honor of the navy to the Commercial Travelers' Exposition at the auditorium tonight. COMMANDER JOHN H. BLACKBURN, assistant recruiting inspector of the western division (upper left), and CAPTAIN CYRUS W. COLE, navy recruiting inspector western division. Below, CAPTAIN H. B. PRICE, commandant United States Naval Training Station, San Francisco.

blew and drummed. Some one had heard that Steindorff's band would be present, and gradually the identity of the musicians became public news. Then the lights came on. The orchestra was the Technical High School's band.

Although they were meant to play the part of maids only, and had no star parts in the romantic story which surrounded the showing of the home-made dresses, Miss Janet Long and Miss Miriam Lee, whose togs cost but \$1.54 cents each, were the Mary Pickfords of the production.

**AUDITORIUM PACKED**  
The largest crowd that has attended the exposition since it opened last Saturday packed the Auditorium last night. Aside from the school play there were many attractions for both kiddies and adults.

Those who have so far entered the Cinderella and "Trilby" contests, after a careful elimination, are: Miss

There are seventeen others entered in the contest who did not give first name or initials.

Tomorrow will be Hayward and Foulle Day. A big program of events and special attractions will be provided.

## Oakland Building at Mills Proposed

Construction of an Oakland building at Mills College to aid the endowment project of that institution is projected by the Merchants' Exchange following a plan submitted by Directors George W. Hatch and E. W. Wittenberg. Other organizations will be asked to endorse the project.

June 3 is the date fixed for the twenty-fifth annual banquet of the Exchange, which will be given at a luncheon near Hayward. Harry G. Williams was appointed chairman of the banquet committee. P. N. Hanrahan was appointed general chairman of a Fourth of July celebration committee, assisted by W. H. Graham, Theodore Cier, W. E. Gluson, J. J. Mul-larkey, Harry G. Williams and Wil-ber Walker.

## Protest Filed Against Plan to Open Street

A protest against the proposed opening of Fallon street from its present termination to the inner harbor developed before the City Council this morning when an ordinance ordering the opening of the thoroughfare was brought up for final passage. The protest precipitated a lengthy discussion of the question that resulted in final decision being delayed by the Council until Thursday, August 26.

The protests against the opening were presented by the California Development company, Edson F. Adams, the Santa Fe company and property owners. The opening was asked for by the Sunset Lumber company, represented by Attorney Charles Beardsley.

## City Council Rules On Street Closings

Provision for the use of the street as part of the site for the new Fruitvale junior high school was made by the City Council this morning when final passage was given an ordinance closing Valinda street in the vicinity of the school site, and a similar ordinance ordering the closing of Ver-beng avenue for the same purpose.

The council this morning over-ruled the protest by Mrs. C. D. Jewell against the proposed improvement of Eighty-eighth avenue. The council voted \$1000 for entertaining delegates to the convention of the United Commercial Travelers.

An irrigation reservoir to form a lake 100 miles long is being constructed in Brazil.

"It's going to be a real contest," says Director Welch. "We have a size 1-A shoe here which twenty women of Oakland have tried to put on. They can get it on alright, but the trouble lies in keeping it on. It's so big it falls off. I never before saw so many small feet in any one place as I have seen here in Oakland."

Around the pageant given last night there had been written a play, in which high school lovers and youthful heart wreckers were the only characters.

Hidden in the darkness of the theater pit an orchestra nodded and

## Prisoner Confesses He Was

## 'Terror' of Trestle Glen

Davis said he had been responsible for a long series of robberies and confessed to the shooting in Piedmont last year.

Davis is said to have confessed to the police that he was the man who terrorized motorists and pedes- trians along "Lover's Lane" in Prestele Glen. It was his plan to

about 11 o'clock, and that minutes after the shooting, dust was found on the car's clothing.

Since that time there have been a number of reports of girls having been attacked by a giant negro and other persons. The reports have been followed by the robbery of N. Nicholson of the Athens Hotel. Davis signed a confession

His captives covers at their trusting faces, and he is quick to enlighten in their phrases, and to demand money. Only a few of his victims are said to have reported to the police. By combined blackmail with plain robbery a man said to be a member of the gang has been able to collect a large sum of money, most of which, he told the Piedmont police, he lost shooting craps.

Franklin Canyon, Contra Costa county, and he was reported to have returned to his home in Los Angeles for three days at the time of the Ulla Carlson murder, is being continued.

Watson passed several weeks here in the Los Angeles area, and was seen by Mrs. Ida Wanamaker, whom he married in Spokane. The Carlson murder took place ten days before he

The discovery last night that the murder suspect had left the lumber yard was the only clue to the slaying.

## School Board Refuses to Condemn Widow's Property

The members of the Cemetery Board Education have a "heart" for the widow Mrs. Anna Kutenbeck. The aged widow, with a good education, is not to be condemned to make way for a new high school building. Instead the school will be built around the dwelling.

At a recent meeting a price of \$13,000 for the building was offered.

owned by her at Kittredge and Milwaukee streets. The sum was \$4000 more than Charles Brock, purchasing from the school board, would have accomplished had the school board. Condemnation proceedings were recommended yesterday by the city as the only means of securing the property at a "fair" price. The school board and the city are both anxious to acquire the property.

her dead son's two children to support," objected Mrs. L. E. Blochman, member of the board. "To her for the new school, Architect William H. Hays also lent his approval to the unusual arrangement."

# OFFERS FOR LOTS      NEW OFFICERS

the Berkeley board of education can take the only property now left for purchase on the site the Garfield Intermediate School Hopkins and Josephine streets.

Under the H. M. Carpenter estate plan, the property is to be divided and is to be sold in parcels to be decided to Columbus and Bonar Alcega, each to obtain half of the proceeds from the sale. An offer of

Whitecroft in honor of the Berkeley board of education will be given by the new Berkeley Rotary Club. Wives and families of the members shared in the gathering at which Frank L. Naylor, president of the First National bank, gave the address of welcome and organization for the coming year, succeeding Robert Sproul, acting comptroller of the University of Cal-

to the property have been made by the school's board of trustees. School officials and word is awaited to whether the college heads will accept the figure set and allow work proceed on the new school.

Condemnation proceedings against the site were begun last week. A lot 150x75 feet on Virginia street on the east side of the proposed Franklin School building.

The school officers taking their seats were: Vice-president, Howard Baxter; secretary, H. S. Howard; treasurer, Ira A. Morris; directors, Hall Ething, Benjamin A. Glover, G. A. Rouse, J. W. B. Cappel, Charles S. Lamb and Neil Munro.

"Check your grouches in the lobby with your hat and coat" was the ad-

Improvements were authorized yesterday by the board after the board had declared that the site was in "such a condition of inability to close the deal at a reasonable price. But four lots now remain to be purchased before the entire site for the new Columbus County Courthouse will be owned. One of the Jefferson site is still being regained for, Brock reported to the

ard. He said he hoped to have negotiations completed at the next meeting.

**Contribute to the Cause**

The Triduum, held in honor of the death of Christ, was the first of a series of events at St. Mary's Catholic Church.

**Prayer to the Virgin**

Prayer to the Virgin Mary was the first of a series of events at St. Mary's Catholic Church.

**Prayer to the Virgin**

Prayer to the Virgin Mary was the first of a series of events at St. Mary's Catholic Church.

March, Eighth and Jefferson streets, was enthusiastically welcomed by the French people, the East-  
ern last night. Among the American  
French flags, the entire service  
was conducted in French. French  
orchestra, and who served  
interpreter for the A. E. P. during  
war, was the main speaker, his  
while a program aimed with meth-  
ods was presented, including a play  
directed by Miss Elizabeth Mack of  
the university and presented by Miss

To Every Clothes Buyer in This City, Foreman & Clark Say:

# Take a Look Behind the Scenes!

How he  
looks  
from the  
front

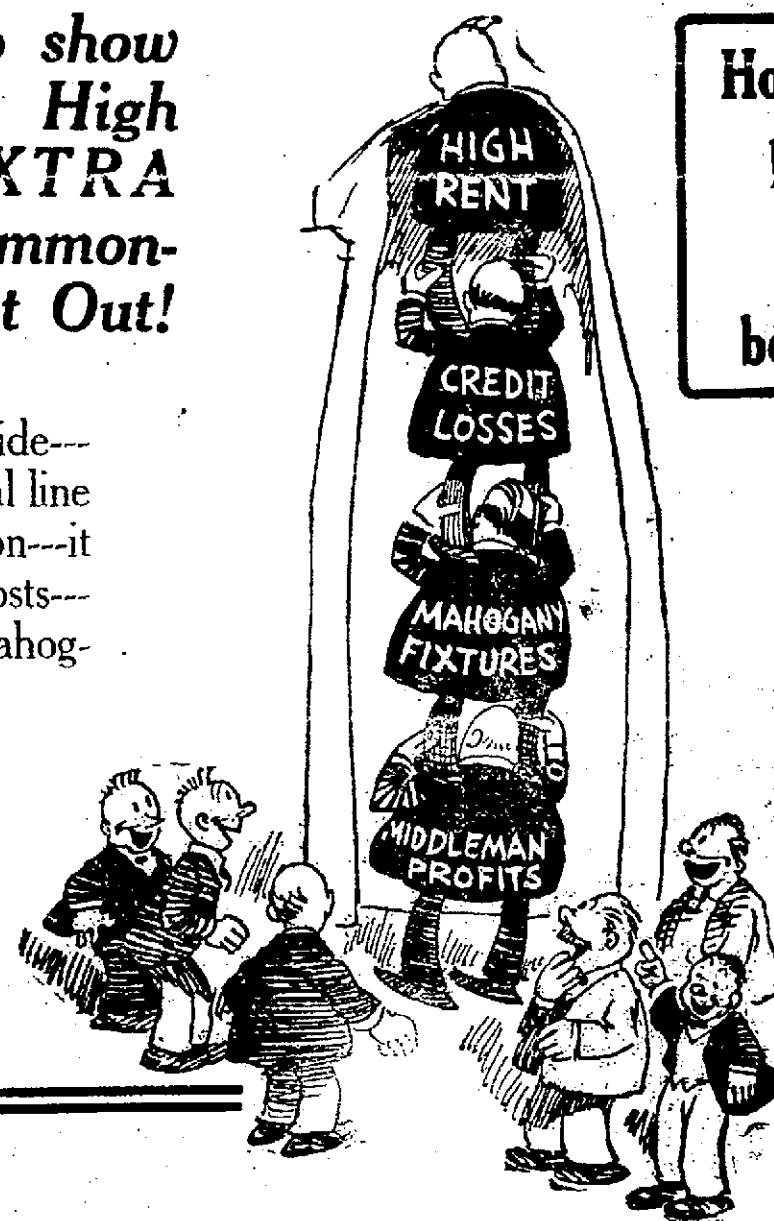

—and we fearlessly publish this cartoon to show you **FOUR** of the inside **REASONS** for High Clothing Prices — Four Unnecessary **EXTRA COSTS** that **F. & C. Coast-to-Coast Common-Sense Business Methods** Have Entirely Cut Out!

You men who have been looking at High Prices from the outside—from the buyer's viewpoint—step behind the scenes! Get a real line on the **REASONS** for High Clothing Prices! See this cartoon—it shows four of the big outstanding causes for sky-level clothing costs—High Rent, Middleman's Profits, Credit Losses, and Costly Mahogany Store Trimmings! We've done away with them all!

They've done a lot to boost High Prices up—that's why we've done a lot to bring High Prices **DOWN**—and keep them down. Right now—today—you can buy the biggest clothing value in America at any Foreman & Clark **UPSTAIRS** Store!

How he  
looks  
from  
behind

If every suit of clothes, everywhere, were made and sold as Foreman & Clark guaranteed clothing is made and sold—there'd be no such prices as \$60, \$70 and \$80! Get that? But no other retail clothier in America maintains five big clothing factories as we do, or buys woollens in such vast quantities at 40% savings, or cuts \$497,568.00 off his rent bill yearly by being **UPSTAIRS**—or does business on an average profit of 56c per garment! That's why the only way to get Foreman & Clark values is to visit our sunny upstairs stores—any one of them—anywhere—and buy clothes at \$25, \$30 or \$35 so good that we can back each garment with our \$10,000,000 guarantee of **SATISFACTION**!

## TRADE UPSTAIRS & SAVE \$10

That's Our Slogan—but \$15 or \$20 Is Usually Your Saving

Every statement published over the F. & C. signature bears the stamp of absolute **TRUTH**! Every claim is ready to be *proved*! By doing business on a commonsense, money-saving basis, saving men real money on good clothes, we built this business in ten years from a \$310 start to \$10,000,000 annual sales! Could such success be based on anything but fair, square values and real **SATISFACTION**?

We invite you to this store. Make friends with our clothes and with our way of doing business! Find out for yourself why hundreds of thousands of men the country over are live-wire **BOOSTERS** for F. & C. clothes! We promise you this—you will be amazed at the quality of fabric, style and workmanship that \$25, \$30 or \$35 will buy at this big **UPSTAIRS** store! Come and see!

### These Five Famous F. & C. Business Principles Do Away With Every Extra Cost

1. We have a coast-to-coast chain of **UPSTAIRS** stores
2. We save \$497,678.00 yearly in rent.
3. We have our own big wholesale tailor shops.
4. Plain stores—no mahogany fixtures.
5. Cash business—no credit losses.
